YOUR NEW
CUSTOMER GUIDE

Welcome to Stag Window Cleaning Services Ltd

Thank you for choosing us to care for your property. Whether it’s a regular clean or a one-off service, we’re pleased to welcome you.

LOCAL. RELIABLE. FAMILY RUN.

Based in Paulton. Serving our local community and surrounding villages since 2019.

WINDOWS | GUTTERS, FASCIAS & SOFFITS
CONSERVATORY ROOFS | SOLAR PANELS

Equipped to care.

We use the latest tools and equipment, including our five-stage water filtration system, water-fed poles and specialist gutter vacuum equipment.

How our water-fed pole cleaning works

1 Brush

The pole-mounted brush loosens dirt from the glass and frames.

2 Rinse

Purified water rinses away the loosened dirt, without detergents.

3 Leave to dry

The glass dries naturally. Wet windows when we leave are normal.

Why purified water?

Our five-stage filtration system removes impurities and minerals from the water. We use purified water for window and solar panel cleaning, helping surfaces dry naturally without the usual mineral water marks.

External cleaning only. Routine cleaning may not remove staining, paint or limescale, or remedy damage to glass and seals.

Easy from the first visit.

Regular or one-off care

Regular window cleaning runs around every 8 weeks. Gutter, conservatory roof and solar panel cleans are booked separately, as agreed with you.

A reminder the day before

We send a text or email the day before your visit. Please unlock gates and move obstacles and secure pets so we can reach the agreed areas without going through your home.

Payment after your clean

You'll receive a completion notification and bank transfer details. Payment is due within 7 days unless otherwise agreed.

Cleaning in the rain

We work in rain when safe. Severe weather or icy conditions may affect your visit; dates can also vary with workload and staffing.

A little preparation helps

Let us know about access difficulties before we visit. As we follow a scheduled round, we can't promise an exact arrival time.

Any concerns? Please tell us promptly, ideally within 48 hours, so we can help. This does not affect your statutory rights.

Good to know.

Need to change a regular clean?

Please get in touch before your visit so we can discuss it. If you request a skipped window clean, a £10 catch-up charge may apply at the next scheduled clean for the extra build-up.

Let’s plan access together

Reply to your reminder if access will be a problem. Front-only window cleans are charged at the agreed full price unless arranged in advance. If access prevents the work, a reasonable charge reflecting our actual loss may apply, capped at the booked clean price.
